

MELAKU ZELEKE

Junior Software Developer

ABOUT ME

I am a seasoned Software Developer with over 1+ years of experience in designing, developing, and maintaining web applications. Equipped with a strong foundation in both front-end and back-end technologies, I am adept at collaborating with cross-functional teams to deliver innovative solutions that meet business objectives. Additionally, I possess skills in computer network and system administration, which enhance my ability to manage and optimize the infrastructure supporting applications. I am seeking to leverage my expertise to contribute effectively to a dynamic development team and drive continuous improvement in the software development process.

WORK EXPERIENCE

○ APR 2023- JUN 2023

Akema Engineering, Addis Abeba, Ethiopia

Software Developer

I have developed a software for a compny named Askema Engineering .I have gained a lots of experience in the development.The tool I have used for the development are frameworks,including React JS and Tailwind CSS for the front end ,Node JS and MongoDB for the backend .It is a dynamic and responsive web application.

○ AUG 2023 - OCT 2023

Tibeb Design , Addis Ababa, Ethiopia

Remote Intern as a Software developer

I have completed an internship at Tibeb design, where I further honed my skills and gained insights into industry best practices. This experience has enriched my understanding of web development methodologies and reinforced my commitment to delivering high-quality, innovative solutions.

○ Jan 2024 - Aprl 2024

Minstry of Education ,Addis Ababa,Ethiopia

Webiste Developer

I have take part in the development of an issue tracking system tailored for the Minstry of Education. This project involved meticulous planning,desing and implementation phases to ensure the system addressed the unique needs and challenge faced by the Minstry of Education. Leveraging my expertise in full-stack development ,I integrated robust features for tracking ,categorizing and resoolving issues efficiently. The system serves as a centralized platform for stakeholders to report ,monitor and manage various issues ,enhancing transparency,accountability and resp oniveness within the educational framework . <https://it-portal-self.vercel.app/>
