ABOUT ME

I am a seasoned Full Stack Developer over 2+ Years of experience in designing ,developing,and maintaining web application. Equipped with strong foundation in both front-end and back-end technologies ,adept at collaborating with cross-functional teams to deliver innovative solution that meet business objectives. Seeking to leverage my expertise to contribute effectively to a dynamic development team and derive continous improvment in software development process.

WORK EXPERIENCE

Sep 2022- Mar 2023
Akema Engineering, Addis Abeba, Ethiopia
Full Stack Web Developer

I have developed a website for a compny named Askema Engineering .I have gained a lots of experience in both front end and backend web development.The tool I have used for the development are frameworks,including React JS and Tailwind CSS for the front end ,Node JS and MongoDB for the backend .It is a dynamic and responsive web application.

Jun 2023 - Sep 2023
Arez Armada, Addis Ababa,Ethiopia
Remote Intern as a Full Stack developer

I have completed an internship at Arez Armada, where I further honed my skills and gained insights into industry best practices. This experience has enriched my understanding of web development methodologies and reinforced my commitment to delivering high-quality, innovative solutions.

Jan 2024 - Aprl 2024
Minstry of Education ,Addis Ababa,Ethiopia
Web Application Developer

I have take part in the development of an issue tracking system tailored for the Minstry of Education. This project involved meticulous planning,desing and implementation phases to ensure the system addressed the unique needs and challenge faced by the Minstry of Education. Leveraging my expertise in full-stack development ,I integrated robust features for tracking ,categorizing and resoolving issues efficiently. The system serves as a centralized platform for stakeholders to report ,monitor and manage various issues ,enhancing transparency,accountablity and responsiveness within the educational framework .
